Cancellation by the machine called "ribbon stamps," now in use, will not be recognized as legal or sufficient.

UNEMPLOYED EUROPEAN CAPITAL.—The vast accumulation of money in the banks of London and Paris and the reduction of interest in Holland, is but a reflection of the political state of Europe. Capitalists prefer letting their money lie idle for a term than to risk the issue of pending difficulties.

To Planters.

We would be much obliged if our farmer friends would furnish us brief letters for publication about agricultural matters in their sections. Give us planting statistics, new ideas of farming experiments, the kind and quantity of crops put in, the prospects and progress, etc.

Without meaning to infringe on the province of our many excellent agricultural periodicals, we yet want to have a regular Agricultural Department of our paper, where the farmers can exchange daily their views and facts.

A Deserved Compliment.

The Rome Courier is guilty of the following, which is true enough to be editorially reproduced:

"THE CONSTITUTION has some very fine contributors. Miss Hattie Russell Casin has considerable talent. A piece by her entitled the "Frozen Heart," is characterized by great beauty of expression, sincerity of sentiment, and easy rythm. We predict for the young poetess a brilliant future. Another contributor, "Unrest," gave us some days since a fragment that was, as Addison says, a *merum sal*—a delicious poem."

Father Ryan's Address.

DeGive's Opera House was crammed from top to bottom this morning to hear the address of Father Ryan to the Hibernian Society in honor of St. Patrick's Day.

We have not time before going to press for our evening edition to synopsize the effort. It was eloquent, original, and poetic, and was a characteristic effort of the gifted speaker.

One idea we will notice. He alluded to Ireland's oppression for seven centuries, and with her undimmed hope and faith. Let the South take the lesson, and never embrace the wrong.

The speaker was frequently applauded. He closed by saying that the gray, the color of the South, glorified the green, the color of Irishmen.

RECOMMENDATIONS FROM GEORGIA.—Several dispatches have been forwarded from this city—one of them numerously signed—petitioning that the Democratic influence in the United States Senate be thrown in favor of the passage of the Georgia bill as it was passed by the House. Columbus and Augusta, we learn, sent forward similar requests. The Savannah politicians refused to join the movement, preferring to keep clear of the imbroglio. Those favoring action by the Democratic Senators to assist in the passage of the bill, do so because it is an acceptance of the least of two unavoidable evils.—*Macon Journal.*

LABOR SUBSTITUTES.—The vast number of idle negroes hanging about our city, indeed about towns generally, would be sufficient to give rise to apprehensions that the planting powers of the State are badly grippled. We have no idea, however, that Cuffee's idleness will work the amount of damage many anticipate, except to himself. Many planters are supplying themselves with labor-saving machinery that will enable them to dispense with ebony and mule power, to an extent great enough to make up for the deficiency of laborers. This is evidenced by the large amount of plantation machinery sold at the several houses engaged in that branch of business in the city.—*Macon Journal.*

GEORGIA.

The Prospects of Her Redemption.

It is generally agreed among the Republican Senators that the House Georgia bill shall be speedily put through the Senate on Monday. Unless the present arrangement shall be departed from, there will be very little debate except what may come from the Democrats. The object of the Republicans is to have the bill enacted and signed by the President at once, that it may be operative in Connecticut, where, in order to vote in the April elections, citizens must be registered by the 17th instant. [*Wash. Cor. Rich. Dispatch.*

WASHINGTON, March 13.—The Georgia bill is the special order for to-morrow in the Senate. Senator Revels is expected to make his maiden speech in opposition to Mr. Bingham's amendment, and the colored population will doubtless throng the galleries. The contest will be over the amendment. The question involved is simply this: Whether, in violation of law, precedent and justice the official term of Governor Bullock and the terms of other officials and members of the Legislature shall be illegally extended two or three years, to the prejudice of the interests of the State, and in violation of its Constitution? This the Senate has to decide. There is no pretext on which to justify the defeat of Mr. Bingham's amendment. The pecuniary gain to Bullock and his adherents, which will result from a final rejection of the amendment, will be a pecuniary loss to the State. So much more will be pillaged from its treasury. Every Senator who votes against this amendment will not only encourage an illegal usurpation of power, but will be thought to have become convinced through the lobbying of Bullock.

Dinners at Welcker's are very potent with some men, and considerations of pocket are often held higher than those of patriotism. The report that Bullock has bought up the whole carpet-bag delegation, I can not believe, although it is current enough. It is said to-day that they will vote, to a man, against Mr. Bingham's amendment, and, holding the balance of power, will secure its defeat. The Democrats will vote solidly for the amendment, and some persons profess to have made a careful canvass which indicates its passage by a majority of ten. That, I fear, is too good news to be true. Present indications are that the bill will pass without the amendment, and the State of Georgia, now made a shuttle-cock for Radical politicians to amuse themselves with, will go back to the House again.—*Washington Co. Baltimore Gazette.*

I learn, for example, that the famous amendment of Bingham will be struck from the Georgia bill by the Senate through the coercive vote of a Radical Senatorial caucus, thereby keeping the present State officials in control until after the next Presidential election. A show of opposition will be made by such men as Trumbull and Carpenter to this iniquitous scheme, but they will finally vote as commanded by Sumner and Drake. Until the caucus system shall be overthrown, it is idle to talk about individual sentiment. [*Ibid.*

THE BRUNSWICK AND ALBANY RAILROAD TROUBLE GETS TO WASHINGTON.

We have been permitted to copy the following dispatch, received by Governor Bullock Saturday night:

By Western Union Telegraph, No. 208, dated Savannah, Georgia, March 12, 1870. Received at 8:15 P. M.

To His Excellency Rufus B. Bullock:

I have just returned from Brunswick, where I went last Tuesday, with Judge Avery, Colonel Taylor, and several other parties, (accompanied by ladies) who were interested in the Brunswick and Albany Road. On Thursday, the foreman employed on the line presented me with a written demand that Colonel Hulbert, Superintendent, be immediately discharged, or the work could not progress.

It is of the greatest importance that we complete fifty miles of the road before the 18th instant, as you are well aware; but these men arrayed themselves at the switch yesterday morning and said that the iron train could not pass until their demands were complied with. Friends of mine, who are influential citizens, and seem to be in their counsels, finally prevailed on them to let the train pass. These men were then promptly paid off, and our loyal force is still sufficiently strong to complete the work if troops are at hand to protect them. I telegraphed to General Terry yesterday, all the particulars, but have received no response. Please urge him to attend to it at once. I fear for the life of Colonel Hulbert. Judge Avery was threatened, but escaped by being the bearer of dispatches to General Terry.

A committee of citizens, who have no pecuniary interest in the road, made the same demands of me, and since the news of the passage of Bingham's amendment, the whole populace seem perfectly crazed, and boldly affirm that no damned Republican shall manage the road. The lives of my party were threatened, and crowds pressed around our car, and, but for the presence of the ladies, we would hardly have got away alive.

I had intended to remain another day to look after very important interests, but was obliged to leave town quietly at midnight. Unless Col. Hulbert and other Republican employees are protected by a strong force the enterprise must be abandoned. * * * I call upon you to do all in your power to protect the lives of my employes, and the best interests of myself and associates in Georgia. I presume these threats were executed, and the iron train stopped this morning. I can produce the proof of all these statements, and ten times more.

J. EDWIN CONANT.

FORNEY'S COMMENTS THEREON.

It is Northern capital with which the work is being prosecuted, and the majority of the stock of the company is owned in New York. The men in charge of the work are nearly all Republicans, and this fact seems to have excited the ire of the rebels, who appear unwilling to wait even for the passage of the Bingham-Farnsworth amendment to the Georgia Bill in the Senate, before taking complete control of affairs, both public and private.

The line of this road is below Sherman's march to the sea, but nevertheless we are inclined to the opinion that even that part of Georgia is territory subject to the authority of the United States, and that Northern men and Republicans can build and run railroads there if they like, especially when they have a State charter to do so.—*Washington Chronicle.*

THE DEBATE ON THE GEORGIA BILL.

WASHINGTON, March 14.—The Senate galleries were well filled this morning at an early hour, and, as predicted, presented an exceedingly parti-colored appearance. The charcoal and milk-and-molasses colored individuals rather predominated, and produced in the public gallery nearly a total eclipse. Some likened the scene to a flock of crows devastating a corn field. In the ladies' gallery there was much more color and brilliancy. Scarlet of shawl, or of sack, and rainbow-hued ribbons, set off faces of ebony and saffron, as well as those in which mingled the tints of the lily and the rose. As the moments slipped by, and the morning hour neared its expiration, the crowd increased and grew blacker and blacker, until night seemed to have descended in the corners of the galleries, and the mass of black faces obscured all outlines and merged into a dusky sea of humanity.

This crowd of black men, women and children were attracted to the Senate Chamber this morning by statements industriously circulated to the effect that Revels, the colored Senator from Mississippi, would address the Senate in opposition to Mr. Bingham's amendment to the Georgia bill. It is possible that Revels may display his oratorical powers later, but at present I incline to the belief that the announcement that he intended making a speech to-day was a pure invention of the enemy, Butler, Forney, Bullock & Co., to draw a crowd of colored people for the purpose of overawing timid Senators, and to enable such "dyed-in-the-wool" Radicals as Drake, Wilson and Sumner to address the negroes in the gallery instead of the Chair.

Mr. Trumbull opened the debate on the Georgia bill by giving a short sketch of reconstruction legislation in reference to Georgia. He then referred to the illegal organization of the present Legislature; the part taken by Harris, who refused to swear in members entitled to be sworn; the seating of minority candidates and other arbitrary and unwarrantable acts. General Terry's opinion, he said, was only good when he favored certain men, and he had ruled out several in violation of an act of Congress. He spoke of the unwarrantable interference of the Governor and of General Terry with the organization of the Legislature, and said though the present Legislature was illegally organized, it was thought better to let it stand rather than plunge the State again into disorder and confusion.

The proposed perpetuation of the Legislature, and of the official term of the Governor, he characterized as a fraud and an outrage. He said it was an infamous act to force the people of Georgia to submit to a government set up contrary to the will of a majority of the people. This illegally organized Legislature has elected three Senators. It has elected a Senator whose term commences in 1871, in violation of the Constitution of the State, and completely ignoring the Legislature to be elected next fall. If this Legislature can be perpetuated until the 4th of March, 1871, there is no reason why it should not perpetuate itself until the 4th of March, 1900.

Mr. Trumbull proceeded to show up the lying telegrams and letters published in Forney's Chronicle, and purporting to come from Georgia, but which are manufactured here to order. He read from one letter a statement that if Hill and Miller were seated in the Senate, Union men could not live in Georgia, and treated it with ridicule. Mr. Hill, he said, was a Union man, and had always been a Union man, and yet we are told that if he is given a seat, Union men can not live in Georgia!

Mr. Stewart made an absurd argument to prove that Congress was assuming the power to name a day for an election in Georgia. He argued that Georgia was not a State, and that her Government had only been provisional until now. He spoke of the Presidential election as an election in which no loyal man in Georgia dared participate, so great was the violence on the part of the rebel population. He said, further, that Georgia should be put under military control and kept there.

When Mr. Stewart concluded, the Senate went into Executive Session.

Governor Bullock closeted himself a few evenings since with a short-hand writer, and dictated a speech on the Georgia question, which Senator Revels will deliver on Wednesday next.—*Baltimore Gazette.*

OUR PARIS LETTER.

Prince Napoleon's Trial—Lucas, the Literary Forger, Goes to Retirement—Paris Tranquil—Rochefort Luxurious—Gossip.

Special Foreign Cor. of The Constitution.]

PARIS, February 26, 1870.

Tours, ever gay and exciting, is a town inhabited by many English and a few American families. "Detached villas" remind you of the environs of London. The fact of the High Court of Justice sitting here on the 21st March, to try Prince Pierre Napoleon, has run up prices to an outrageous height. The six judges have been named, and the special jury—of thirty-six members—is in course of being drawn from among the grand juries of the Empire. Public opinion has greatly calmed down, since the Prince shot down Victor Noir, and attempted the same on Lonville—friend of the deceased—and who is the only witness of the crime. Yet the authorities have cited one hundred and eighty witness! The trial will cost the nation 150,000 francs. Of course, no one expects the Prince to be sent to the scaffold—he will lose his pension, as a matter of course—90,000 francs a year—and after a short imprisonment, will be banished. He still maintains that Noir struck him in the face before he fired. *C'est a Voir.*

Vrain Lucas, who obtained 140 000 francs from M. Charles, one of the first scientific minds in France, has been sentenced to ten years imprisonment and a fine of 500 francs. The forged letters that he imposed on this good natured Pickwickian—copies of originals from A. Peter, Lazarus, Mary Magdalene, Alexander to Aristotle, love letters of Cleopatra, business ones from Charles Martel, the Ceasars, Charlemagne, etc—have amused the town as much as those from Pascal and Newton, put the Academy of Science to fright over the claims of the discoverer of gravitation. The prisoner, able and intelligent, asserts he only exercised his talent to amuse, like other novelists, and if the philosophers were deceived by his stratagems, it was only a greater proof of his ability. The court did not see the matter in this light, nor M. Charles, who bought up all the papers as speedily as they could be manufactured.

Paris never was more tranquil nor better behaved. The riots during the early part of the month, which, by a metaphor, were called a revolution, are as forgotten as last year's snow. The four hundred mad caps arrested, are "purging their contempt," by short periods of imprisonment, and will return to their homes wiser men. Even Rochefort, in his comfortable prison, leads as luxurious life, as that other Brutus at large, Raspail.

France is becoming aware, that Rochefort was not a necessity, and the Corps Legislatif exhibits no symptoms of hysterics at his forced absence. His constituents, too, believe he ought to show more sympathy with the *preletaire* class, by working fifteen hours a day at one of the prison trades, and netting his five sous.

"The woman taken in adultery" still forms the stock piece at the principal theaters. *Lucrece Borga* supplies a supper of horrors, and the opera of *Guido e Giverna* the resurrection of another Juliet.

Although a journal announced that the 22d instant was observed throughout the United States as the 138th anniversary of the *death* of Washington, which ought to dispose of the question of the General's nurse being now among the living. Yet Parisian Americans feted the day as the anniversary of his birth, at the Minister's. Greater crowds have been seen at former Ministerial receptions, yet the official world was fairly represented, and "dancing was kept up till a late hour."

GEORGIA.—The House bill to admit Georgia will be taken up in the Senate tomorrow, and the feature of the discussion will be the maiden speech of the colored Senator Revels, who intends to oppose the bill and to speak as the representative of the colored people of Georgia, who are daily, he says, telegraphing him protesting against the measure. Bullock & Co., have succeeded in influencing members of the Senate, by this manufactured public sentiment in the shape of delegations and telegrams, to such an extent that it is believed the bill will be sent back to the House with the Bingham proviso, limiting Bullock's term of office stricken out.—*Courier-Journal.*

THE DAILY CONSTITUTION.
OFFICIAL JOURNAL OF THE CITY.
THE LARGEST CITY, COUNTY AND STATE CIRCULATION.
DEFIES REFUTATION.
BY W. A. HEMPHILL & CO.
I. W. AVERY, Editor.
MORNING EDITION.
ATLANTA, GEORGIA, MARCH 18.

☞ The following private dispatch, was received at this office yesterday: "Colonel John G. Parks, for many years a prominent citizen of this State, died at Indian Springs, yesterday."

Provisions.

There has already been some very heavy speculating in provisions in the Western markets, and almost a panic resulted. Increased prices are probable.

Georgia.

The Banner of Wednesday, contains the following Washington dispatch:

The friends of Governor Bullock, who say they have canvassed the Senate, express themselves confident that that body will disagree on Mr. Bingham's amendment to the Georgia bill.

The Southern Railroad.

The scheme of the Cincinnati and Chattanooga Railroad, though scotched, it seems is not killed. Kentucky hit it a sockdolager. But its friends have got Mr. Sherman to introduce a bill to corporate and charter it.

"Loilty."

In response to a question from Mr. Haight, in the U. S. Senate, Mr. Dawes said reconstruction had cost two and a half millions. Haight asked further, if that money had not been spent to make men loyal to Radicalism rather than to the country. Dawes was stumped, but feebly chirruped no. Mr. Eldridge spoke up, and said he hated the word loyal, as it had been prostituted. It brought up the definition of the army contractor, who felt loyal when he wanted to steal something. Eldridge further said:

For himself, he was patriotic, not loyal; the word did not belong to the country; it only belonged to Massachusetts.

Tennessee.

Butler is driving right ahead to get Tennessee reconstructed. The success in the Georgia case has emboldened the Radicals. Tennessee's rejection of the 15th Amendment was an unforgiveable sin in Radical eyes, and she is to be punished, if possible.

The Northern Republican press, generally, are against it. The Tennessee papers are discussing the probabilities with interest, but don't seem to fear any bad result. Business, however, is effected by the agitation of the matter. A vague sense of insecurity pervades all minds.

Tennessee is in danger, and she had better prepare for the storm. But the thing don't end with Tennessee. The chalice will trot to Northern lips sooner than they wot of. It is simply a question of time.

An Amendment to the Georgia Bill.

Mr. Drake has offered the following additional amendment to the Georgia Bill in the Senate:

Mr. Drake offered an amendment, providing that whenever any Legislature of the late rebel States, or the Governor thereof, represent to the President that an organization exists therein for the perpetuation of acts of violence against persons and property, or to obstruct the laws of the Federal or State Government, and it is unable to suppress such violence or destruction, it shall be the duty of the President to furnish United States troops for the subjugation and disposition of such organizations. Upon the arrival of such troops in the district in which these organizations exist, martial law shall be declared, a levy made upon the inhabitants to pay expenses of transportation of such troops, and they shall be subsisted upon the inhabitants.

Women in Washington as Clerks.

The New York World has a long and interesting account of the growth and condition of government female clerks in Washington. It says the employment of women is of Topsical origin—it just "growed." It began, nobody knows exactly how, and has increased until nearly every department has its quota of petticoat workers.

Among them are many who have ruled society, and reveled in riches. The writer mentions some celebrities:

Mrs Pettigru King is so well known that I suppose it is no breach of trust to mention her name as connected with this office. She is a woman of remarkable talents and ability. Her father was Governor of South Carolina, and formerly a member of the United States Senate.

General Spinner speaks of having several historical ladies among his clerks. Mrs. Annie Ethridge and Miss Carrie Sheade, who have received honorable mention in "Woman's Work in the War," are clerks in this bureau. The Young Quaker, who sent General Sheridan information which led to the battle and victory of the Opequan, on September 19, 1864, is also here. I saw a copy of the very polite letter General Sheridan wrote her, acknowledging the value of her services and asking her to accept from him a watch, in remembrance of September 19, 1864. This watch she now wears.

The Brunswick and Albany Railroad Matter.

It is a very difficult thing to arrive at the truth of complicated transactions. The human mind is so much the slave of its prejudices, that even if the truth is perceptible, it is seen through smoked glasses. And the fact that men see from different stand points, even where they have opportunities to see clearly, produces conflicting accounts of the same thing.

It is our object always to be accurate, and do justice. And while we have our impulses of righteous indignation we ever strive to judge calmly, and to decide impartially.

The Brunswick and Albany Railroad affair is being used to our injury in Washington. It is a most untimely occurrence, and Bullock is wielding it with tremendous effect to secure his personal ends.

We have been trying to sift the matter to the bottom, and while our conclusions may not be correct, yet we have certainly good grounds for them.

It seems that when Col. Hulbert was appointed Superintendent of the road, he ousted a man named F. A. Babcock, who had been enjoying a good thing of it. Hulbert was put in through Wm. L. Avery's influence. To secure the completion of the 50 miles by the 18th, in order to get further State aid, a man of great energy, like Hulbert, was needed; and it seems he has been pushing the affair, without sparing hands. Without entering into the merits of the matter, which we shall do hereafter, it seems that Babcock, who is a Radical, has been intriguing to get Hulbert out, and himself in. And Babcock has worked on the hands and dissatisfied them.

It is claimed that the hands have not been paid off. But there is evidence that they have been paid the 15th of every month.

The thing then simply resolves itself into a personal squabble for a good fat job among certain subordinates, without a particle of politics in it. Of course, Babcock has put up his squad to yelling "Radicals" against Avery and Hulbert; but from all we can learn the political cry was confined to these malcontents, and did not include the citizens of Brunswick.

So it falls to the ground as a political matter. It is one of those troubles that occur all over the country. The Erie Railroad in New York has had dozens of them. Undoubtedly Babcock's champions have used the slogan of "damned Republicans," but they alone are responsible for it, and not the people.

Now, the question is, how far Mr. Conant and Judge Avery have believed that these malcontents represented the people. They have either ignorantly and precipitately taken counsel of their fears, and done serious injury to the State by misunderstanding the matter, and ascribed to popular sentiment what was solely due to a personal intrigue for the fat rewards of their railroad; or they they have wantonly and maliciously perverted the matter to help Gov. Bullock.

Now, as these individuals are both here, and as they have had time to see just how the thing is, they can show whether they have innocently gone off half-cocked, by rectifying the injury they have done.

We assert that there is no disposition on the part of our people to interfere with Republicans, or Northern men, or negroes, or anybody else. We assert that the charge of our people dragging politics into business is false. We assert that the passage of the Bingham amendment by the House created no bluster and nonsense, as is improperly ascribed to the Democrats. We assert that the accusations of Judge Avery are unwarranted by any facts.

We call upon him to do justice to our people, and to telegraph to his Senator friends that he has made a great mistake, and given a wrong construction to the improper conduct of the Babcock squad. If he fails to do this, particularly when seeing the use that is being made of his telegram, then there can be no other conclusion than that he has wilfully slandered our people for political purposes.

Communicated.]

Editor Constitution: I see by your paper it is rumored that our Senator, Mr. Dunning, will resign his seat on account of holding the office of Postmaster. Mr. Wynn, the Senator who was originally elected to this position, was a citizen of Cobb county, and as the same reason which caused the original selection to be made from Cobb still exists, I ask to be permitted to name a man from that county, than whom a more capable one could scarcely be found in the District, and whose interest we know is identified with Atlanta and her people. I mean Col. Charles D. Phillips, of Marietta, a sound thinker, a good lawyer, and a true Democrat.

If Mr. Dunning should resign, we hope the friends of Col. Phillips in Cobb, will insist upon his coming forward as a candidate. We think his life and character will abide any scrutiny or examination.

Text of Sherman's Bill as Amended by the Senate and Passed Last Night.

WASHINGTON, March 11.—The following is the Funding Bill as passed by the Senate:

That, for the purpose of funding the debt of the United States and reducing the interest thereon, the Secretary of the Treasury be, and he is hereby, authorized to issue on the credit of the United States coupons or registered bonds of such denominations not less than $50 as he may think proper, to an amount not exceeding $400,000,000, redeemable in coin at the pleasure of the Government of the United States at any time after ten years, and payable in coin in forty years from date, and bearing interest at the rate of 5 per centum per annum, payable semi-annually, in coin; and the bonds thus authorized may be disposed of at the discretion of the Secretary, under such regulations as he shall prescribe, either in the United States or elsewhere, at not less than their par value, for coin, or they may be exchanged for any of the outstanding bonds of an equal aggregate par value heretofore issued and known as the five-twenty bonds, and for no other purpose; and the proceeds of so much thereof as may be disposed of for coin shall be placed in the Treasury, to be used for the redemption of such 6 per centum bonds, at par, as may not be offered in exchange, or to replace such amount of coin as may have been used for that purpose.

SEC. 2. And be it further enacted, That the Secretary of the Treasury be and he is hereby authorized to issue, on the credit of the United States, coupon or registered bonds to the amount of four hundred millions of dollars, as he may think proper, redeemable in coin, at the pleasure of the Government of the United States, at any time after fifteen years, and payable in coin at forty years from date, and bearing interest not exceeding four and one-half per centum per annum, payable semi-annually, and the bonds authorized by this section may be disposed of under such regulations as the Secretary of the Treasury shall prescribe, in the United States or elsewhere, at not less than par for coin; or they may be exchanged at par for any of the outstanding obligations of the United States bearing a higher rate of interest in coin, and the proceeds of such bonds as may be sold for coin shall be deposited in the Treasury, to be used for the redemption of such obligations bearing interest in coin as by the terms of issue are or may become redeemable or payable, or to replace such coin as may have been used for that purpose.

SEC. 3. And be it further enacted, That the Secretary of the Treasury be, and he is hereby, authorized to issue, on the credit of the United States, from time to time, coupon or registered bonds of such denomination, not less than fifty dollars, as he may think proper, to the amount of $400,000,000, redeemable in coin at the pleasure of the Government at any time after twenty years, and payable in coin at forty years from date, and bearing interest at the rate of four per centum per annum, payable semi-annually in coin; and such bonds may be disposed of either in the United States or elsewhere, at not less than their par value for coin, or, at the discretion of the Secretary, for United States notes, or may be exchanged at not less than par for any of the obligations of the United States outstanding at the date of the issue of such bonds, and if, in the opinion of the Secretary it is thought advisable to issue a larger amount of four per cent. bonds for any of the purposes herein, or hereinafter recited, than would be otherwise authorized by this section of the act, such further issues are hereby authorized, *Provided*, that there shall be no increase in the aggregate debt of the United States in consequence of any issues authorized by this act.

SEC. 4. And be it further enacted, That the bonds, and the annual income thereon, authorized by this act, shall be exempt from all taxation by or under national, State, municipal, and local authority.

SEC. 5 And be it further enacted, That the Secretary of the Treasury be, and he is hereby, authorized to appoint such agents in the United States and in Europe as he may deem necessary to aid in the negotiation of said bonds, and he may advertise the loan herein authorized and the conditions thereof in such newspapers and journals in this country and in Europe as he may select for that purpose, and a sum not exceeding one-half of one per centum for the bonds herein authorized is hereby appropriated to pay the expense of preparing, issuing and disposing of the same.

SEC. 6. And be it further enacted, That in order to carry into execution the provisions of the 5th section of the act entitled, "An act to authorize the issue of United States notes, and for the redemption and funding thereof, and for funding the floating debt of the United States," approved February 25, 1862, relating to the sinking fund, there is hereby appropriated out of the duties derived from imported goods the sum of $150,000,000 annually, which sum during each fiscal year, shall be applied to the payment of the interest and to the reduction of the principal of the public debt; and the United States bonds now held as the sinking fund, and the United State bonds now held in the Treasury, shall be cancelled and destroyed, a detailed record thereof being first made in the books of the Treasury Department. And the bonds hereafter purchased under this section shall in like manner be cancelled and destroyed, and a full and detailed account of the application of the money herein appropriated shall be made by the Secretary of the Treasury to Congress with his annual report, and the aggregate amount of the bonds cancelled and destroyed shall be stated in the monthly statement of the public debt.

SEC 7. And be it further enacted, That on and after the first day of October, 1870, registered bonds of any denomination not less than one thousand dollars, issued under the provisions of this act, and no others, shall be deposited with the Treasurer of the United States as security for the notes issued to the National Banking Associations for circulation under an act entitled "An act to provide a national currency secured by a pledge of the United States bonds, and to provide for the circulation thereof," approved June 3, 1864, and all the National Banking Associations, organized under said act, or any amendment thereof, the bonds of which are then redeemable by their terms, and as they shall hereafter become redeemable, are hereby authorized to deposit bonds issued under this act as security for their circulation notes within one year from the date of the passage of this act; in default of which, their right to issue notes for circulation shall be forfeited, and the Treasurer and the Comptroller of the Currency shall be authorized and required to take such measures as may be necessary to call in and destroy their outstanding circulation, and to return the bonds held as security therefor to the associations by which they were deposited, in sums of not less than $1,000; Provided, That any such association now in existence may, upon giving thirty day's notice to the Comptroller of the Currency, by resolution of the Board of Directors, deposit legal tender notes with the Treasurer of the United States to the amount of its outstanding circulation and take up the bonds pledged for its redemption; and, Provided further, That not more than one-third of the bonds deposited by any bank as such security shall be of either of the classes of bonds hereby authorized, on which the maximum rate of interest is fixed at four and a half or five per centum per annum.

SEC. 8. And be it further enacted, That the amount of circulating notes which any bank may receive from the Comptroller of the Currency, under the provisions of section 21 of said act, may equal but not exceed 80 per centum of the par value of the bonds deposited, but shall not exceed in the aggregate the amount to which such bank may be entitled under said section.

SEC. 9. And be it further enacted, That any banking association organized, or to be organized, under the National Currency act, the acts amendatory thereof, may, upon depositing with the Treasurer United States notes to any amount not less than $50,000, receive an equal amount of registered bonds of the United States of the kind and description provided for by section 3 of this act, may deposit the same as the security for circulation notes; and thereupon such banking association shall be entitled to and shall receive circulating notes upon terms and conditions, and to the extent provided in the said National Currency acts, and without respect to the limitation of the aggregate circulation of National Currency prescribed by said acts; provided, however, that as circulating notes are issued under this section, an equal amount of United States notes shall be cancelled and destroyed.

CAPITALS.

The Mania for Moving Them.

The capital moving mania is growing. Not to speak of its accomplished results in changing the capital of Georgia from Milledgeville to Atlanta, and the capital of Louisiana from Baton Rouge to New Orleans, its voice is heard crying aloud in high places for a removal of the capital of Texas from Austin to Houston; of Wisconsin from Madison to Milwaukee; of New Jersey from Trenton to Elizabeth; of West Virginia from Wheeling to Charleston; and, above all, of these United States from Washington to some as yet unascertained point in the far West, for which the larger villages of that region battle as desperately as ever did the municipalities of Greece for the birthplace of Homer. For the capitals of States it is no matter, the States themselves being now airy abstractions, as is well known, which did not constitute the Union out of their waste attributes, but are, as it were, the chicks of the Federal government, that unconditioned hen; but when, leaving the States, we come to that Washington which sits in knavish pomp on the Potomac, one is smit with horror at the prospect of any removal of the capital thence. So far, where the moving mania has had results, the transfer has been from villages, commended by their accessibility, to cities, distinguished by their life and size. Baton Rouge has given way to that gay New Orleans; Milledgeville, that rustic hamlet, only illumined out of nothingness by the strong boxes of shining plate which appertain to his Excellency, the successor of Oglethorpe, is now superseded by thriving Atlanta. On this principle, where could the Federal Capital even be moved to, save New York? That we have our small vices, is true; like Jeshurun, have waxed fat and sometimes kick; but what absolute capers of sin would we cut with that select congeries of *corbras di capello*, known as Congress, forever among us, as an unapproachable rival and altogether dissolute debaucher of "the bloody Sixth."—*N. STORIES OF 1812.

Two of Them Never Before in Print.

There were two occurrences in the war of 1812, which are characteristic of the Kentucky soldiers of that time, which I do not recollect to have seen in print. The one occurred while the American prisoners were being marched through Canada to Fort George. On one occasion the officer commanding the guard bought some whisky, and invited a Kentucky corporal to drink. The British Captain gave as a toast George III. The corporal drank without hesitation. The British Captain then called upon the corporal for a sentiment. The corporal rather declined, saying, "You have been kind in inviting me to drink, and I may give offense by giving a toast." The corporal then said: "May the skins of kings be made drum-heads, and the shanks of Tories drum-sticks, to beat the Americans to arms." The British Captain remarked: "Sir, you must remember where you are, and act accordingly." A British Lieutenant, who composed one of the company, said: "Stop, Captain, you called for a sentiment, and must not now take exception." Suffice to say, the British officers swallowed the toast.

The other happened at Camp Jackson, below New Orleans, on the 8th of January, 1815. After the British made their last charge on our breast-works they sent in a flag of truce, which was met by a flag from the American army, asking the privilege of removing their killed and wounded, which were numerous. A line was designated so far from our breast-works as to prevent the enemy from discovering the nature of our defenses, and American soldiers placed on one side of the line and British soldiers on the other. While their dead and wounded were being taken to this line and received by British soldiers, a soldier belonging to the latter remarked to a Kentucky soldier: "It is useless for you to continue this contest; we are determined to take the city. We have Lord Packenham, Lord Gibbs, and Lord Keene, and a powerful army, and are determined to take the city." To which the Kentucky soldier replied: "We have on our side the Lord God Almighty, the Lord Jesus Christ and the the hero, Old Hickory, and I'll be damned if we can't whip you." Kentuckians may be overpowered, but still they will crow.—*Lexington Gazette.*

☞ The Springfield Republican is responsible for the following remarkable statement about Olive Logan and Anna Dickinson:

"They present in their general characteristics strong contrasts—representing as they do two different types—yet they are firm friends—and if they ever marry at all they will contrive to bring about a special enactment which will enable them to marry each other. That is what they say."

☞ H. W. Beecher is said to keep lectures in stock of different qualities to suit purchasers. A quiet article for country use is about $200; a somewhat more durable fabric, suitable for Boston wear, is $400; fancy goods for the metropolis are from $600 to $800, and so on. Lectures manufactured to order from entirely new stuff, of course, come higher than ready made goods.

☞ Secretary Fletcher of Tennessee, asked General Lowell for a military escort from Nashville to his home in Bradley county. He evidently thinks some of the people in that locality want their money back.—*St. Louis Times.*

Avery, the Calumniator.

This individual left our city for Atlanta, Monday morning, not stopping to witness the effect of his vile slander upon the people. And it was well he did. The expressions of indignation among all classes of our citizens, Northern and Southern, were loud and universal. We heard no apology for the cold blooded inventor of falsehood. A number of Northern men now sojourning in the city telegraphed contradictions of his statements to Washington, and by this time the members of Congress are fully advised of his character and the amount of confidence of which he is worthy. The following is a copy of a dispatch sent to several members of the House and Senate by a highly respectable Northern gentleman who is largely interested in works of internal improvement in this State:

To Hon. Wm. B. Allison, M. C., Washington, D. C.:

The dispatch signed Wm. L. Avery, dated Savannah, March 13, is not correct, and is a libel on the people of Georgia. I write you. (Signed) M. K. JESUP.

A Horrible Mistake.

Once upon a time, an accomplished young American woman had the honor to dine with the Czar of all the Russias. During the royal entertainment, a plate of delicious grapes was passed around. It is true the young lady saw the golden knife which rested on the side of the basket, but as the fruit came to her first, she had no way of learning its use; so she did just what she would have done in America—she reached out her dainty fingers and lifted from the dish a whole stem of grapes. What was her consternation to see the next person, as well as all the other guests, take the golden knife and sever a single grape each, and transfer it to their plates. Had a young Russian lady in this country helped herself to a whole chicken, the error would have been the same. It is true the young woman committed no crime, but her feelings and those of her friends would have been spared had she learned the etiquette of the royal tables before she became an Emperor's guest.

If women are eventually allowed all the privileges of men, we suppose that if they refuse or neglect to provide for for the support of their husbands, a divorce can be granted, awarding alimony to the husband. This wants to be understood, you know, before we let the darlings have the trowsers and things.

That dignified and classical old paper, the New York Post, over whose destinies Mr. Wm. Cullen Bryant, the poet, presides, says, "The blondes are more empty-headed than ever—they have been bailed out. Since they were driven out of Chicago they claim that theirs is a chased exhibition."

"When I am in a crowded car," said a male advocate of woman's rights, "and a lady comes in, I think it is the duty of some man to get up and give her his seat. I look around the car to see if any man in the crowd looks like making a move in that direction, and when I see them all keep their seats, I hide my face behind my newspaper, and blush for my sex."

A NORTHERN COUNTERBLAST.—*Savannah, March 15.*—The following is one of similar letters and dispatches sent North today:

Hon. Charles O'Neill, member of Congress of Pennsylvania, Washington, D. C.—Sir: As Philadelphians and ex-Union officers doing business in Savannah, we wish to state that dispatches sent from this city by W. L. Avery, and telegraphed to newspapers, regarding the treatment of Northern men in this State, are untrue in every particular. We have recently traveled throughout the State and never experienced such treatment as alleged by Avery, nor did we hear of insults being offered to Northern men. Signed: Thos. J. Malone, jr., H. A SENSATION AMONG THE UPPER CRUST.—*New York, March 14.*—Another great scandal is agitating upper-tendom in this city to-day. A leading lawyer, on entering his house at a late hour last night, found a United States Assessor, an ex-General in the volunteer service, in rather too close proximity with his wife. The ex-General, on being caught *in flagrante delicto*, drew a revolver and was about to discharge it at the disconsolate husband, when the latter overpowered him, felled him to the ground and succeeded in attracting the attention of the police. Both were arrested and taken to the up-town station-house, where the lawyer refused to make a charge, so as to prevent scandal and avoid publication. He has been married 15 years and has two children. The faithless wife has been sent back to her parents, and it is doubtful whether any further measures will be taken to punish the too gallant ex-General.—[*Tel. Cor. Courier-Journal.*

DR. JOHN BULL'S
Great Remedies.

DR. JOHN BULL,
Manufacturer and Vendor of the Celebrated
Smith's Tonic Syrup,
FOR THE CURE OF
AGUE AND FEVER,
—OR—
Chills and Fever.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the safe, certain, speedy and permanent cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

Bull's Worm Destroyer.

To my United States and World-wide Readers.

I have received many testimonials from professional and medical men, as my almanacs and various publications have shown, all of which are genuine. The following letter from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Doctor says of BULL'S WORM DESTROYER:

VILLANOW, Walker County, Ga., June 29, 1868.

DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials, and find it wonderfully efficacious. It has not failed in a single instance to have the wished for effect. I am doing a pretty large country practice, and have daily use for some article of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary, they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine direct from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line M. D.'s but I see no just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than myself may have learned its effects first, and secured the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all manner of disease to which human flesh is heir. Please reply soon, and inform me of your best terms. I am, sir, most respectfully,
JULIUS P. CLEMENT M. D

BENTON BARRACKS, MO., April 30, 1866.

DR. JOHN BULL—Dear Sir: Knowing the efficiency of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case.

I was wounded two years ago—was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than in anything else. I wish that that is genuine. Please express me half a dozen bottles, and oblige.
Capt. C. P. JOHNSON,
St. Louis, Mo.

P. S.—The following was written April 30, 1866, by Mrs. Jennie Johnson, mother of Captain Johnson:

DR. BULL—Dear Sir: My husband, Dr. C. S Johnson, was a skillful surgeon and physician in Central New York, where he died leaving the above C P. Johnson to my care. At thirteen years of age he had a chronic diarrhœa and scrofula, for which I gave him your Sarsaparilla. IT CURED HIM. I have for ten years recommended it to many in New York, Ohio and Iowa, for scrofula, fever sores and general debility. Perfect success has attended it. The cures effected in some cases of scrofula and fever sores were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover.
Respectfully JE JOHNSON

STONEY POINT, White Co., Ark., May 22, 1866.

DR. JOHN BULL—Dear Sir: Last February I was in Louisville purchasing drugs, and I got some of your Sarsaparilla and Cedron Bitters.

My son-in-law, who was with me in the store, has been down with rheumatism for some time, commenced on the Bitters, and soon found his general health improved.

Dr. Gist, who has been in bad health, tried them, and he also improved.

Dr. Coffee, who has been in bad health for several years—stomach and liver affected—he improved very much by the use of your Bitters. Indeed, the Cedron Bitters have given you great popularity in this settlement. I think I could sell a great quantity of your medicines this fall, especially of your Cedron Bitters and Sarsaparilla. Ship me via Memphis, care [illegible].
Respectfully, C. B. WALKER.

SKATISTS GONE TO AUGUSTA.—A crowd of Atlanta skaters left yesterday morning to attend the opening of the Rink in Augusta.

THE WEATHER.—Yesterday was bright, sunshiny, windy, cold and disagreeable. The weather will moderate in all probability to-day.

J. L. BELL.—One of the model conductors on the Atlanta and West Point Railroad, is J. L. Bell. He has the ring of the true metal about him.

BARTOW SUPERIOR COURT.—This Court meets on Monday next, we learn, at Cartersville.

FULTON SUPERIOR COURT.—Next Monday is the day set apart for the holding of an adjourned term of Fulton Superior Court. But there is no Judge to preside.

CORN AND COUNTRY PRODUCE.—W. L. Clay & Co., No. 1, Granite Block, Broad street, are receiving large lots of corn and country produce, Kentucky whiskies, etc. We direct special attention to their card in another column.

AMENDE.—In our brief notice, a few days since, of our young friend Florence, of Oxford, we had his name as "W. A." Florence, when it should have been "E. S." We "acknowledge the corn," and own up to the inadvertence.

JUDGE W. R. MCLAWS.—We were gratified with shaking by the hand, yesterday evening, our esteemed friend Judge W. R. McLaws, of Augusta, who is here attending the session of the Supreme Court. The Judge is one of the solid lawyers of Augusta, and a well-known humorist.

THE RUN-OFF ON THE GEORGIA ROAD. There was no serious damage done by the running off of the freight trains at Oconee on the Georgia Road, Wednesday night. The truck wheel of one train broke, and the other was thrown off by a broken rail.

"OLIVER TWIST."—The New York Dramatic Troupe play "Oliver Twist" to-night, at De Give's Opera House. We wager a good apple that the audience will be like Oliver Twist—"cry for more" plays. The troupe might as well stay the week out.

SOL. GREEN HEARD FROM.—The last heard from Sol. Green he was a witness in Gwinnett Superior Court. He had been on the stand for a day, the lawyers trying in vain to get Sol. to say something funny. He was asked if so and so was a man of much pecuniary means? "Yes," he said, "he owns a pasture."

WHERE IS HE?—Frequent inquiries have been made of us recently, where is the Secretary of the Georgia State Agricultural Society? Where can letters on business be addressed to him to meet with a reply? We have not seen him lately, but presume he will turn up here before long, ready for business.

FLOUR.—We have tried an article of Flour branded "Home Mills," shipped to Messrs. W. M. & R. J. Lowry, of this city, by Hon. D. T. Patterson, of Tennessee, and manufactured at Ex-President Johnson's Mills, near Greenville, and we pronounce it a superior article. Those in want of a fine grade of Flour would do well to try it.

UNITED STATES DISTRICT COURT—*For the Northern District of Georgia—Hon John Erskine, Judge.*—In the case of G. B. Stovall, Ordinary of Morgan county, and David Eubanks, et. al., vs Francis A. Banks, adm'r, and Hugh J. Ogleby and J. B Reed, securities, the jury, under the charge of the Court, yesterday, rendered a verdict in favor of the defendant.

The case is a second edition of Enoch Arden.

The Court adjourned until this morning.

HIBERNIAN SOCIETY.—The following are the officers of this Society elected at their annual meeting yesterday:

President—John H. Flynn.
Vice-President—T. Burke.
Secretary—W. Dowling.
Assistant Secretary—C. P. McGuire.
Treasurer—W. H. Roach.
Finance Committee—Thomas Nunan, M. E. Kenny, Thomas Haney, R. M. Wall, W. P. Lother.
Relief Committee—T. F. Grady, M. Murphy, J. Weaver, C. Sullivan, C. Hughes.

We congratulate the Hibernians upon their choice of officers. Long may they and the Society wave.

SUPREME COURT—*Evening Session.*—March 17, 1870.—Argument was concluded in No. 2, Western Circuit.

No. 3 was withdrawn. It is Geo. W. Neal vs. P. A. Kakin. Motion to arrest judgment, from Warren. G. W. Neal for plaintiff in error. E. H. Pottle for defendant.

No. 4 is E. G. Scruggs vs. Willis & Cicero Gibson, administrator. Distress warrant, from Glasscock. E. H. Pottle for defendant in error. A. R. Wright, W. Hope Hull for defendant.

At end of opposing argument, a motion was made to enter a continuance in No. 10, Middle Circuit, it being shown that Gen. Wright is too ill to attend and argue the case. It is John H. Newton vs. Joshua R. Price. Case from Washington. R. L. Warthen, Johnson & Montgomery for plaintiff in error. A. R. Wright for defendant.

Court adjourned till 10, A. M., to-morrow, when argument will be resumed in No. 4 Northern Circuit.

OUR SATURDAY NIGHTS.—We are indebted to Messrs. Phillips & Crew for a copy of Brick Pomeroy's "Our Saturday Nights," with thirty illustrations. The versatile genius of this author has won for him a world wide reputation as a facetious and a strong writer. This new volume is replete with the most touching pathos and heart-stirring appeals to the best and finest elements of human feeling. The lover of the beautiful and gentle and pure in thought will find many a passage so fraught with deep pathos, and genuine humanity, and heaven-taught benevolence, so much real Good Samaritanism, and love, and charity, all expressed in a winning and charming style, that the best or worst of its readers will, after its perusal, lay it down with kindled heart and moistened eye, and a blessing upon its author. It is profusely illustrated by drawings from one of our best artists; is printed handsomely and bound elegantly, uniform with the same author's other successful books.

RIDING A STICK HORSE.—Gus. and Sam., two gushing and susceptible beaux, had an engagement, a few nights since, to call upon some lady friends, near West End. They made arrangements to go by private conveyance, but that failing to come, being ardent and devoted, they took it afoot, through "bog and briar," out there. Just before they reached the house where the young ladies were, Gus picked up a long pole and dragged it on the ground. As he neared the gate, he halloed to his imaginary horse, "wo! wo!" Sam. brushed the mud off his boots with his handkerchief, but Gus. didn't. When the couple got into the room, the mud on Gus.' boots betrayed him, but the ladies said nothing, though "laughing in their sleeves" at Gus.' cuteness.

Sam, in his delight at Gus.'s confusion, pulled out his handkerchief and wiped his brow, leaving a mark of the mud off of his boots behind. Shortly after Sam and one of the young ladys took a promenade in the piazza, and when they returned, lo, and behold! part of the mud was visible on her forehead. So when Sam says "stick," Gus. says "mud," and both dry up.

THE MOST BRILLIANT SUCCESS OF THE DAY.—San Francisco, California, has been the theatre of an occurrence which eclipses anything of the kind ever attempted in the United States. Camilla Urso, who went there for the purpose of giving concerts, discovered that the Mercantile Library Association was in a crippled condition, and conceived the idea of giving a monster concert for its benefit. The library had 28,000 volumes, and erected a building at a cost of $226,000. The orchestra was composed of 150, and the choruses of 1,200. 2,000 children also aided with their sweet voices. A drum 8 feet 3 inches in diameter, with a head composed of 2 calf skins and 18 sheep skins, and costing $300, was used on the occasion. The performances continued through the week with the most striking success. 9,000 persons attended the first day, and 12,000 the second. The financial result has not been announced, but enough is known to warrant the statement that the library is out of debt.

We would be glad to chronicle an entertainment half as brilliant for the Young Men's Library Association of this city.

☞ At a collection made at a charity fair, a lady offered the plate to a rich man who was noted for his stinginess. "I have nothing," was his curt answer. "Then take something, sir," she replied; "you know I am begging for the poor."

Spencer's Speech on Ku-klux Outrages.

Sawyer Favors Bingham's Amendment.

Special Telegraphic Cor. of The Constitution.]

WASHINGTON, March 17.

Senator Spencer to-day read a speech on Ku-Klux outrages in Alabama and Georgia, without touching practically on the question.

Howard spoke against the Bingham Amendment, but was put hors de combat by questions from Trumbull, Edmonds and others.

Sawyer followed, and favored the amendment. He had been convicted among Bullockites.

Questions asked by Schurz indicated his endorsement of the amendment.

The situation looks more hopeful.

ARGUS.

ASSOCIATED PRESS DISPATCHES.

WASHINGTON, March 17.—It is officially estimated by Internal Revenue Supervisor Presbury, that the collections from the tobacco tax in Virginia, for the present fiscal year, will reach one and a quarter million dollars. He reports the prospects of trade for the coming season as flattering.

It is expected that the San Domingo treaty will be considered in Executive session on Wednesday next.

Dispatches from various points North, report a heavy storm of snow, rain and wind.

The Senate confirmed Luther Lee, Collector of Customs, at Norfolk; Daniel Turner, at Alexandria; F. J. Bromberg, Postmaster at Mobile.

In the Senate, the House bill abolishing the franking privilege was made the special order for Tuesday next.

The resolution favoring the open discussion of treaties for foreign annexations, was referred to the Committee on Foreign Relations.

Considerable discussion was had on the resolution looking to the equal distribution of Government patronage in Washington. Several Senators deplored the appointment of young men to office here, as having a tendency to ruin them for usefulness.

A bill was introduced amending the consular and diplomatic acts. It authorises 11 Consuls General, 146 Consuls, 21 Vice Consuls, and 4 Commercial Agents.

A bill was introduced to concentrate the Indian tribes under one Territorial government.

The Georgia discussion was resumed, but without a vote.

In the House, Platt, of Virginia, asked leave to introduce a resolution requiring the Reconstruction Committee to inquire into the constitutionality of the enabling act of Virginia, by which the State offices can be vacated and vacancies filled by the Governor.

Brooks objected, saying the State had already been reconstructed.

Platt said it needed it again.

The House rejected the resolution to expel Butler, of Tennessee, for an alleged Cadet sale. The vote being 102 to 68; a two-thirds vote required. A resolution to censure Butler was adopted unanimously.

The House considered the tariff bill.

RICHMOND, March 17.—The conflict of authority between the newly appointed city authorities and the old incumbents, has arisen.

Mayor Cahoon refuses to give up the office to Mayor Ellison, elected last night, by the City Council.

The former has sworn in one hundred and fifty special constables, including twenty colored men, and the latter has two hundred special officers.

The old police force is divided equally between the two Mayors. Ellison has possession of the city hall and other public buildings, except the station house, which is held by the Cahoon party. Cahoon wrote to Gov. Walker, stating his position, and asking assistance to maintain his authority. Walker replied, that Ellison being legally elected under an act of the Legislature, he can not recognise any one else as Mayor; that Cahoon is incapable of holding office under Virginia law, as he already holds a Federal office; that no breach of peace can occur without Cahoon's act or approval; that he should resort to a peaceful judicial remedy, if he wants to test the question of right; and finally, he should obey the laws and sustain the constituted authorities.

Ex-Governor Wise, R. W. Hughes and L. Chandler are counsel for Cahoon, who, with about thirty men, are besieged in the lower station house, besieged by the Ellison party, who have cut off gas and water and forbid any provisions to be sent to them. A crowd of colored men bought out a bake shop and commenced throwing bread up to the windows, but were driven off by the special police.

At dark Mayor Ellison, Chief of Police Poe and others, were arrested by the United States Marshal for having refused a revenue officer permission to see Cahoon in his capacity as United States Commissioner. They were bailed till to-morrow.

A company of troops have been brought into the city by order of Canby.

It is stated that Judge Underwood will arrive to-morrow, and issue an injunction prohibiting Ellison from exercising the duties of the office.

There has been great excitement here all day, and but little business has been done in the city.

LONDON, March 17.—The Times prints the City of Boston canard uncorrected this morning. The underwriters have exacted seven guineas premium on the overdue steamer Samaria, while the premium on the City of Boston has again been reduced. The question put by Sir J. Packington, in the House of Commons, as to the rumored overloading of the steamer City of Boston, has called from the Board of Trade a report, giving extended rules and regulations for interior loading of ships, etc.

PARIS, March 17.—Specie in the Bank of France has increased nearly twenty millions francs since last Thursday.

Rochefort has been taken to Tours, where he is to appear as witness in the Boneparte Noir Homicide case.

☞ "It is a sad moment in life," said Cynic, "when you find that love, glory, happiness, are, altogether, not worth a good cigar."

"It is a sadder moment still," replied his friend, "when you find that the cigar itself is bad."

PLEASANT.—The Missouri Republican says, "it is pleasant to notice Butler standing forward in the defense of Bullock, and announcing that he shall vote against any amendment tending to impede Bullock's advance upon the Georgia Treasury."

☞ Don Platt writes: "It is said that Senator Revels has given ten hours a day to the study of Sumner, with intermission only for the calls of nature; and it is further reported, but I do not vouch for it, that Senator Chawls contemplates taking his colored brother to his domestic circle, to restore the lost happiness felt there so long."

☞ The Lydia Thompson "blonds"—we blush to say—are to disgust Pittsburghers with their presence in about two weeks. [*Pittsburgh Mail.*

Though we blush to say it, we will bet forty bushels of red onions that that editor will occupy an orchestra chair every night.—*New York Democrat.*

WIVES AND MOTHERS.—Only woman knows what women endure; and if there be any means of assuaging the distress of body and mind which so many thousands experience day after day and week after week, with a fortitude which puts to shame the boastful courage of man, who will deny that so great a blessing to the sex should be found in every household?

Millions of men have been benefitted by its use, but among the feeble and sickly of the opposite gender, who perhaps need it most, its virtues are not so widely known. This foremost remedy of the age—this specific for every species of debility, general or local, constitutional or casual, is PLANTATION BITTERS. One right of woman, at least, will be conceded—the right to strengthening herself to sustain the ills of which the laws of nature have made her the unfortunate heiress.

The acknowledged healthfulness, unrivaled flavor, delicacy, great convenience, and extraordinary cheapness of SEA MOSS FARINA, will always keep it in the foremost place among articles intended for a table dessert.

PHYSICIANS USE THEM IN THEIR PRACTICE.—It is almost universally the case that Physicians condemn what are generally known as "Patent Medicines." Although DR. TUTT'S LIVER PILL is not a patent medicine, yet its composition (the result of years of study) is known only to himself, and so palpable are their valuable curative properties, that very many of the first Physicians in the South and West have adopted them in their practice, and recommend them to their patients.

KOSKOO.—This medicine is rapidly gaining the confidence of the people, and the numerous testimonials of its virtues, given by practitioners of medicine, leaves no doubt that it is a safe and reliable remedy for impurity of the blood, liver disease, etc.

The last Medical Journal contains an article from Prof. R. S. Newton, M. D., President of the E. Medical College, city of New York, that speaks in high terms of its curative properties, and gives a special recommendation of Koskoo to the practitioners of medicine. This is, we believe, the first instance where such medicines have been officially endorsed by the Faculty of any of the medical colleges, and reflects great credit upon the skill of Dr. Lawrence, its compounder, and also puts "Koskoo" in the van of all other medicines of the present day. feb26-d&w6m

A NEW DISCOVERY!!

PHALON'S "VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

PHALON'S "VITALIA" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

THE VITALIA is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications according to the depth of shade required. Sold by all druggists.

THE GREAT REPUTATION

Which KOSKOO has attained in all parts of country

AS A GREAT AND GOOD MEDICINE!

And the Large Numbers of Testimonials

which are constantly being received from Physicians, and persons who have BEEN CURED by its use, is CONCLUSIVE PROOF OF ITS REMARKABLE VALUE.

AS A BLOOD PURIFIER,

IT HAS NO EQUAL,

BEING POSITIVELY

The Most Powerful Vegetable Alterative Yet Discovered.

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions, this of bad blood is founded in truth.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues loose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat. This condition soon shows itself in *roughness* of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are effected with scrofula in some form.

When the Blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO,

AS A

Liver Invigorator!

STANDS UNRIVALLED.

Being the only KNOWN Medicine

that EFFICIENTLY *stimulates* and CORRECTS the *hepatic secretions* and functional DERANGEMENTS of the LIVER, WITHOUT DEBILITATING the system. While it acts *freely* upon the Liver *instead of copious purging*, it *gradually changes* the discharges *to a perfectly natural state.*

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THOSE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dullness and drowsiness, sometimes, headache; bitter or bad taste in the mouth, internal heat; in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the side, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, etc.

KOSKOO!

Is a remedy of *Wonderful Efficacy* in the *cure* of diseases of the Kidneys and Bladder. In these Affections it is as near a specific as any remedy can be. It does its work kindly, silently, and surely. The Relief which it affords is both certain and perceptible.

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys can not estimate the *importance* of their *healing action.*

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys remove from the Blood those effete matters which, if permitted to remain, would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the Urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the Urine is high colored or scalding with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the Urine being imperfectly secreted in the Kidneys, prove irritating to the bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

Meets with GREAT SUCCESS in the CURE of

DISEASES OF THE NERVOUS SYSTEM,

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work (mental and physical), are causing diseases of the nervous system to increase at a fearful rate.

The symptoms to which diseases of the nervous system give rise, may be stated as follows:

A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical Headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in Answering Questions; Dullness of Hearing; Twitching of the Face and Arms, etc., which, if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, etc., etc.

HENRY'S

CARBOLIC

CONSTITUTION RENOVATOR,

—OR—

BLOOD CLEANSER!

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with

CARBOLIC ACID

For the Cure of

SCROFULA and CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all impurities, going at once to the fountain head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions, Salt Rheum, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war, bred the most villainous disease. Vaccination pus was taken from the arms of many full of scrofulous sores. Then of course the impurities of the Scrofulous patient were absorbed in the blood of men otherwise without diseases, and both became infected alike. Men, women and children throughout all the west are most wofully diseased from this cause, and knew not until a few months ago, the origin of it.

HENRY'S CONSTITUTION RENOVATOR

Relieves the entire system of Pains and Aches, enlivens the spirits, and sends new blood bounding through every vein. It imparts a

Sparkling Brightness to the Eye.
A Rosy Glow to the Cheek.
A Ruby Tinge to the Lips.
A Clearness to the Head.
Brightness to the Complexion.
Buoyancy to the Spirits.
And Happiness on all Sides.

For all affections of the kidneys is unsurpassed. People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"I was vaccinated in hospital. Before that I had no skin disease. Until I had a bottle of your Constitution Renovator sent me by Mr. Roper, of Columbia, Mo., I suffered tortures with running sores. Since I used two bottles, I am all well except a small sore on the calf of my leg, and that is getting well fast."

This is from a lady: "And now my skin is as clear and fair as a babe's. My complexion, thanks to your Renovator, is beautiful."

"Yes, yes, I may say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis. Your remedy seems to be curing me fast. Send four bottles per express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time. For all diseases of the

Kidneys, Retention of the Urine, etc., and for female Diseases, Nervous Prostration, Weakness, General Lassitude and Want of Appetite, it is Unsurpassed.

MY WINDOW.

BY MOLLIE E. MOORE.

From the News.]

Thro' many a grand Cathedral window streams
By stained panes the softened day,
And varied glory gleams
On those who pray.

In many a lady bower the breezes blow
Thro' fretted work of lute design,
While sweet and red below
The roses shine.

My window frames a narrow bit of sky
Alone: nor painted pane to glow,
Nor carven work have I
To tune the zephyr's flow.

But really beam the mornings when they rise?
And one white cloud, with gilt outlines,
Just past my lattice lies
Each morn that shines!

And bluely sleeps the moon within the frame;
And one slow bird goes floating by
Each noon-tide, like a dream!
And Heaven seems nigh.

And one sweet star at evening standeth still
Between the narrow strips of wood,
Always—and shines its fill
And God seems good.

I would not change may window with a Queen,
Nor barter pictures with a King!
Such restful thought each scene
To me doth bring!

City and Suburban Affairs.

PERSONAL.—Judge J. S. Hook, of Augusta, is in the city.

RUN OFF.—A freight train ran off the track at Oconee, on the Georgia Road, last night, delaying the up morning passenger train until late this evening.

PERSONAL.—The Honorable Dunlap Scott, one of the brilliant party leaders in the House, is married! We know such is the fact, for we had the pleasure of meeting with him and his accomplished bride in the city yesterday.

As a friend, we must congratulate him on his great good fortune; but as a patriot, who shall say what effect this important event will have upon that untamable and fiery torrent of eloquence with which he has been wont to keep in awe the turbulent and reckless mob Radical majority in the House? *Nous verrons.*

In the quiet gray of yesterday morn's hour, while the seven-hilled city reposed in quiet unconsciousness, the Rev. Dr. Hillyer performed that ceremony which conferred upon Mrs. Scott the greatest of woman's rights—the right to rule over the hearth-stone and heart of one of Georgia's noblest sons. Selah.

ST. PATRICK'S DAY.—The Hibernian Society turned out this morning, and after marching through our principal streets, proceeded to DeGive's Opera House. The house was jammed with people. The members of the Hibernian Society, and his Honor, Mayor Ezzard, occupied the platform.

The Hon. John H. Flynn then introduced the orator of the day, Rev. A. J. Ryan, in a chaste and handsome manner. The orator delivered a speech replete with poetic gems and sparkling with the fire of patriotism. It was in his finest vein, and he was repeatedly cheered by the assembled throng. He feelingly and truthfully depicted the devotion of the Irish people to principle through seven hundred years of oppression and wrong.

They would ever continue to principle, for as a people, they had most signally illustrated the heroism of Religion and the heroism of Patriotism. He counselled a a firm and tenacious clinging to Right under the most adverse circumstances and most intolerable oppression.

It was a joyous occasion for the Hibernians.

THE WILLINGHAM FERTILIZER FOR COTTON, CORN, WHEAT.

THIS STANDARD MANURE, named after a well known practical Planter of Georgia and South Carolina, combines in a concentrated form all the fertilizing elements necessary for the production of COTTON, CORN and WHEAT, and by its use is certain to increase not only the yield, but to improve the quality of the products. It is made with a special view to the wants of the soils of the South, and can be relied upon as to excellence of material, containing highly necessary substances, the great cost of which have heretofore precluded their being in common use. It can be depended on as uniform, always reliable, and productive of good crops.

ALBANY, GA., September, 1869.

Having a full knowledge of the composition and process of manufacture of the "Willingham Cotton, Corn, Wheat and Rice Fertilizer," I have no hesitation in pronouncing it to be a most reliable fertilizer, one of the best in use, and most particularly adapted to the soil of Georgia and South Carolina.

NEAR JONESBORO, GA., Nov. 3, 1869.

Messrs. ABBOTT & BRO., Atlanta, Ga.—Sirs: In reply to your enquiry, as to the merits of Merryman's Raw Bone Phosphate, I take pleasure in stating that in my opinion there is no Fertilizer in use that is superior to it. I used it on my cotton, and am well pleased with it, and will use it more extensively another year. I do not hesitate to recommend it to all who want a good reliable Fertilizer.
Yours, truly, ELLISON RUSH.

EAST POINT, GA., Oct. 21, 1869.

Messrs. ABBOTT & BRO., Atlanta, Ga.—Gentlemen—The two tons of Merryman's Raw Bone Phosphate, purchased of you last spring, I applied on my cotton and potatoes, with the most satisfactory results. Until this year, I have always used the Chesapeake Guano and Baugh's Raw Bone Phosphate, and I have no hesitancy in saying, after thorough tests, that Merryman's Raw Bone Phosphate is fully equal, if not superior to either of the others.
Yours, truly, JOSEPH CALDWELL.
